## Program Details

Program Summary

The Coordinated Tribal Assistance Solicitation (CTAS) program provides federally recognized Tribes and Tribal consortia an opportunity to develop a comprehensive and coordinated approach to public safety and victimization issues and to apply for funding. DOJ's existing Tribal government-specific programs are included in, and available through, this single Coordinated Tribal Assistance Solicitation. DOJ's Tribal government-specific competitive grant programs outlined in this solicitation are referred to as Purpose Areas. Applicants may apply for funding under the Purpose Area(s) that best addresses Tribes' concerns related to public safety, criminal and juvenile justice, substance use-related crime and access to treatment and recovery support, including Tribal healing to wellness courts; and the needs of victims and survivors of domestic violence, sexual assault, dating violence, and stalking.

The FY25 purpose areas are:

- Purpose Area 1: Public safety and community policing (COPS Office)
